

3D PRINTING ENGINEER (M/F)

To support our Group Technology & Innovation
situated in Frankfurt/Main (Germany)

CLARIANT

Clariant is a globally leading specialty chemicals company, based in Muttenz near Basel/Switzerland. On 31 December 2016 the company employed a total workforce of 17 442. In the financial year 2016, Clariant recorded sales of CHF 5.847 billion for its continuing businesses. The company reports in four business areas: Care Chemicals, Catalysis, Natural Resources, and Plastics & Coatings. Clariant's corporate strategy is based on five pillars: focus on innovation through R&D, add value with sustainability, reposition portfolio, intensify growth, and increase profitability.

The position of the 3D Printing Engineer will be involved in the development of new customer desired Clariant 3D printing materials such as 3D printer filaments and powder bed fusion powders. In this role, the individual will work with Clariant's newly created global Additive Manufacturing team and be a key team member. This role will directly impact development of new materials for a very dynamic area of technology.

Position duties:

- Be a key part of the Additive Manufacturing team to create and optimize an innovative offering of materials
- Develop an understanding of what customers want in materials and provide solutions
- Test and evaluate new materials on 3D printers
- Develop new approaches to test 3D printing materials and 3D printed parts
- Understand state of the art material evaluation and testing methods
- Maintain working equipment and help advise on new procurement
- Communicate and work directly with key business units within Clariant including Clariant Analytical Services
- Present to internal and external stakeholders

Requirements:

- Graduate in the field of engineering or natural sciences
- Experienced working in a team environment to test and development materials and products
- Experience with CAD and/or slicing software desirable
- Business fluent english mandatory and additional language skills desirable

Our offer:

- Very interesting and challenging working environment
- Fast paced work environment
- Attractive and performance driven salary
- Modern social security benefits

If you are ready to take the challenge at Clariant and the job description inspires you and corresponds to your qualification, please apply online (#19853) via www.clariant.com/careers.
